Project :- Pratham Pune

Tree Plantation Drive in School & Communities

Planted 500 Trees in 150 Locations

Very Good Survival

Project :- Waste Management

Bharat Forge started the initiative of **'Domestic Kitchen Waste Management' & will be detailing in all 500 composter planters under ESG in various communities with the objectives**

- Creating awareness about the kitchen waste management in the city.
- Converting organic kitchen waste into quality compost
- Promoting waste segregation at source
- Promoting the practice of growing vegetables at home to eat healthy vegetables grown from organic manure.

The initial meetings were conducted to focus core team/volunteers for this project from Hadapsar community. This committee will be responsible for installation, creating awareness, imparting training regarding waste management and sustenance of the installed composter planters in the communities.

Waste Management Training Programme

Issue Resolution by imparting necessary training and necessary details

Project :- VILLAGE DEVELOPMENT

District Satara **At village Nigadi, Taluka Karegaon** *"Constructed cement nala bandhara"*

- The existing bandhara at village Hiwra in Taluka Karegaon was in bad condition and couldn't store water, so Bharat Forge repaired this bandhara.
- This work has created some storage capacity of 32 TCM It has made water available throughout the year & 470 acres of land will be irrigated
- Due to rains this reservoir is full with water and is benefitting to **1200 villagers**

Scope Remained to impacting necessary training and necessary details

District Satara **At village Hiwra, Taluka Karegaon** *"Repairing of cement nala bandhara"*

- The existing bandhara at village Hiwra in Taluka Karegaon was in bad condition and couldn't store water, so Bharat Forge repaired this bandhara.
- This work has created some storage capacity of 32 TCM It has made water available throughout the year and is benefitting to **1000 villagers**

District Satara **At village Bari, Taluka Karegaon** *"Constructed cement nala bandhara"*

- Bharat Forge has constructed bandhara (small dam) in village Bari, taluka Karegaon, as there was water storage facility in the village Bari.
- Due to rains this reservoir is full with water, & 350 acres of land will be irrigated
- This work has benefitted to 4500 villagers.
