Project - Community Development (Women Empowerment)

"Diwali Exhibition Cum Sale 2022 "
by Kalyani Group Community Development Center

Kalyani Group Community Development Center had organized "**Diwali Exhibition cum Sale 2022"** on 20th & 21st of October 2022 at the main canteen hall of the company. The response from our employees to this exhibition was overwhelming.

The exhibition was inaugurated by Dr S.V. Bhave in the presence of union representatives, officers and members of Community Centers. The exhibition was visited by Mrs. Sunita Kalyani. She had interactions with the members of Community Centers. Mrs. Tarapor, Mrs. Shubhada Tandale, Mrs. Lolita Saletore, Mrs. Swati Mahajan, Mr. Sanjeev Nimkar, Mr. Sandeep Goel, Brig. Chavan, Dr Abhijeet Shah, Mr. Salil Bhide, Mr. Jeetendra Kamtikar & many officials also visited this Exhibition. The members of Community Centers had taken lot of efforts in preparing different products, paintings, eatable of good quality. Some of them have become entrepreneur by branding their products.

Glimpses of the Exhibition

Joy of Giving Week (Daan Utsav)

October 2022

Since last 9 years, **'The Joy of Giving' (Daan Utsav)** is celebrated every year by the employees of Bharat Forge Ltd. in month of October, by providing grocery & other essentials to the needy section of the society through different NGOs. This year also we have celebrated ***Daan Utsav*** by supporting the deprived communities.

With the help of our employees we have supported following 6 NGOs in 2022

1. Shirdi Sai Baba home for the aged blind women : Is working for visually impaired aged women since last 50 years situated at Nanded Phata- Singhgad road. This is run by Poona Blind Men's Association Pune .

2. Sevadham Vruddhashram is an old age home, situated at Donaje -Sinhgad road . It works for the old age people. The institution started around 1995 by Mrs Pratibha Paygude .

3. Savali Association works for mentally challenged & the children who suffers from cerebral palsy. It is situated at Kothrud . Mr. Vasant Thakar runs this institution for the past 30 years.

4.Mahila Seva Mandal : This institution *was* founded in December 1940 by Ms. Cathrine Davis .It provides shelter to destitute women & works for their rehabilitation.

5.***Niwara :*** This institution was founded in 1863 by Mr. David Sassoon. It provides utmost and exceptional care for all needy elders and seniors.

6. BSSK : Bhartiya Samaj Seva Kendra (BSSK) was founded in Pune in 1979, to offer care and protection to vulnerable orphan, and destitute children.

Project - Village Development

Taluka: Purandar District: Pune

Lokarpan Sohala - [Handover ceremony]

At Village Hivare, Taluka Purandar

- Over the years the silt was accumulated in the stream which minimized the water storing carrying of that stream.
- Hence disiltation work was needed which was completed with the water storage capacity of **34.40 TCM** & is currently benefiting to **3,300 villagers.**
- After this monsoon this reservoir is now full of water & thus making water available throughout the year, enabling double cropping pattern & thereby increasing the income level of farmers.

'Jalpoojan Sohala' & Interactions with the villagers at Hivare

Project - Village Development

Taluka: Purandar District: Pune

Lokarpan Sohala - [Handover ceremony]

At Village Ambale, Taluka Purandar

- Since many years water reservoir was full with silt and because of this the water carrying capacity got minimized.
- The stream flows through the entire village, this water conservation work is important for raising the ground water level.
- After completion of work 38 TCM capacity of water storage created which is benefiting 4,800 villagers.

'Jalpoojan Sohala' & Interaction with the villagers at Ambale

Project - Village Development

Taluka: Purandar District: Pune

Lokarpan Sohala - [Handover ceremony]

At Village Waghapur, Taluka Purandar

- Due to heavy rains, the existing bandhara at Waghapur got completely washed away and was filled with large amount of silt.
- Desilting of water reservoir in this village has made **35 TCM of** water available for drinking and agriculture.
- This work is benefiting to **4,100 villagers.**

Disiltation work at Waghapur

Project - Village Development

Taluka: Koregaon District: Satara

"Work in progress"

At Village Apshinge, Taluka Koregaon

- The open sewage in the village was leading to health issues and was highly unclean. The construction of internal gutters will help in maintaining the cleanliness of the village and the health of the villagers.
- With this work the roads will become wider and it will benefit to **3200 villagers.**

Construction of Internal gutters at Apshinge

Taluka: Karad District: Satara

"Work in progress"

At Village Kole, Taluka Karad

- There was no proper toilet at Gadagenath School, Kole.
  Bharat Forge is constructing **12 urinals & 4 WCs for 410 students.**

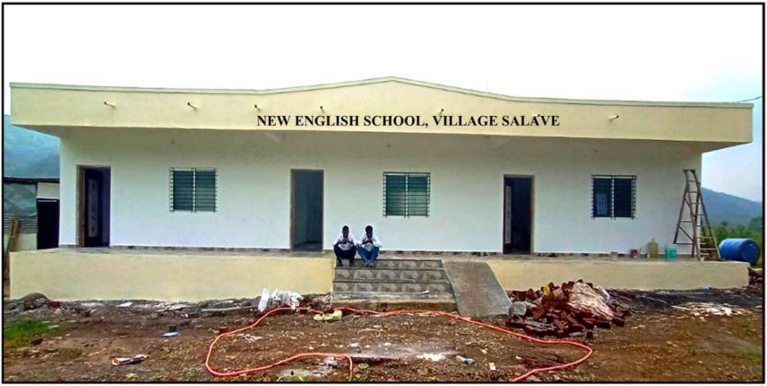
Construction of Toilet unit at Gadagenath school, Kole

Project - Village Development

Taluka: Patan District: Satara

At village Salave, Taluka Patan

- There was no school building in the village. Old Grampanchayat office or temple was used as a school classrooms.
- Bharat Forge has constructed **3 classrooms .**
- This initiative will benefit **120 students**.



Construction of School building at Salave

Project - Telemedicine

District: Pune and Satara

BFL has setup 7 Telemedicine centers in the remote villages to make timely health services available to the people from remote areas.

- Outreach activities have also started at all these centers .
- Hemoglobin Testing camps were organized in Kanherkhed and Dhamner clinics.
- Physiotherapy exercises are also conduced for the villagers at all these centers, thereby helping them to heal from knee and joint pains.

Project - Waste Management

Under ESG Bharat Forge has installed 500 composter planters in the Hadapsar area. The follow-up sessions started from this month. Guided and explained the people for better use of the drum.

The process involves -

- Maintaining the moisture level in the drum at to 60%.
- Adding composter matrix provided at the time of installation.
- How to add the organic waste, compost matrix and other things.
