VILLAGE DEVELOPMENT

Tal. Ambegaon, Dist. Pune

Impact of Land Levelling at Chapatewadi, Tal. Ambegaon, Dist. Pune

We had done land levelling of the lands of few villagers from Chapatewadi from Ambegaon Taluka. The silt that was taken out in desilting work was spread out on these lands. In this month, these villagers could grow marigolds and ground nuts. The villagers are from extremely poor strata and generations together have been working as laborers. For the first time in their life they could do farming in their own land. Their income level will increase multifold....beyond their imagination. This has become very successful experiment.
