Taluka: Purandar District: Pune

At Village Bopgaon, Udachiwadi, Chambali, Sonori Taluka Purandar, Dist. Pune
Handing over ceremony [Lokarpan Sohala]

Purandar being a drought prone area has scarcity of drinking water and the available water is hard water. This was affecting the health of the villagers due to various illnesses like Kidney Stones, stomach infection, etc.

Water filter plant were installed at the villages Bopgaon & Udachiwadi with capacity of 1000 & 2000 liters per hour. This will benefit to 15000+ villagers.

COVID -19 Initiatives for Prevention & Cure , Project :आरोग्यरक्षक

For Empowering and strengthening the Primary Health Care Centres of the villages we have done renovation of existing building, i.e. water proofing of roof, protective walls, and by fixing paver blocks. This had helped in making the centers functional, neat, clean & hygiene. We have also provided computers and necessary medical apparatus, oxygen concentrators

Cancer screening Camp

The women from villages generally neglect their health & are unaware about the problems that are visible in the initial stage of cancer. So, we had organized cancer screening & hemoglobin checkup camps for women from villages under the health indicator of our Village Development project .

- The checkup was conducted with the help of Sahyadri Hospital, Pune & Karad and NGO - Samvedana. The cases for further investigations were referred to Sahyadri Hospital, Karad.
- Sarpanch and members of Grampanchayat were involved in the follow-up process
- We have covered **in all 128 women from 2 villages of Satara.**
