

VISION

To provide Value & Confidence to all stakeholders by protecting Information Assets from all external and internal risks and by achieving & maintaining Information Security processes to the Highest Standards.

INFORMATION SECURITY POLICY

“Bharat Forge Limited is committed to security of Organizational Information Assets including data of all clients associated with it.

Bharat Forge Limited will ensure that appropriate information security controls are applied and integrated to protect risk to confidentiality, integrity and availability thereby enhancing confidence of and adding value to all its stakeholders.

This will be continually monitored to ensure compliance with ISO 27001:2013, Legal and Regulatory requirements”
