Mr. Baba N. Kalyani

Chairman and Managing Director, Bharat Forge Limited

Mr. Baba N. Kalyani is Chairman and Managing Director of Bharat Forge Limited, the flagship company of the Kalyani Group. He has led the company for more than five decades, during which it has grown from a regional business into a globally recognised forging and precision engineering company. Bharat Forge today serves automotive, aerospace, defence, energy and infrastructure customers. Under his leadership it has broadened its technological capabilities and extended its global presence. Mr. Kalyani also holds national and international advisory and industry roles, and has been recognised with civilian honours and awards from India, Japan, Germany, Sweden and France.

Education

Mr. Kalyani holds a Bachelor of Engineering (Honours) degree in Mechanical Engineering from BITS Pilani and a Master of Science degree from the Massachusetts Institute of Technology in the United States. His engineering training has been a consistent part of how he has built Bharat Forge as a technology driven organisation.

Leadership at Bharat Forge

As Chairman and Managing Director, Mr. Kalyani has guided Bharat Forge through its development from a regional player into an internationally recognised name in forging and precision engineering. The company now supplies a range of industries, and its growth under his leadership has been marked by investment in technology, a wider global footprint and a reputation for innovation and advanced manufacturing.

National and International Roles

Beyond Bharat Forge, Mr. Kalyani contributes to national policy and industry dialogue. He is a Member of the Prime Minister's Science, Technology and Innovation Advisory Council and co-chairs several international business forums, including the India Sweden Business Roundtable.

Defence Manufacturing

Mr. Kalyani is the Founding President of the Society of Indian Defence Manufacturers. In this role he has worked to strengthen India's defence manufacturing ecosystem, with an emphasis on self reliance and the development of indigenous capability.

Governance and Corporate Responsibility

Within Bharat Forge, Mr. Kalyani chairs the Corporate Social Responsibility Committee and the Risk Management Committee, and is a member of the Stakeholders' Relationship Committee. These roles cover the company's oversight of social responsibility, risk, governance, sustainability and stakeholder engagement.

Awards and Recognitions

In India, Mr. Kalyani has received the Padma Bhushan, the country's third highest civilian award, in recognition of his service to industry. He has also been honoured by several other countries. These include the Order of the Rising Sun, Gold and Silver Star, from Japan; the Cross of the Order of Merit from Germany; the Commander First Class of the Royal Order of the Polar Star from Sweden; and the rank of Knight in the Order of the Legion of Honour from France, which is among that country's highest distinctions for foreign nationals.

In academia, he has been awarded Honorary Doctorates of Science (Honoris Causa) by Deakin University in Australia and IIT Kharagpur in India, among others. More recently, he received the Arjan Vaswani Founders' Leadership Award 2025 at the 73rd Indian Foundry Congress and IFEX 2025, and was named Industry Science Leader 2025 by FAST India.

In Summary

Mr. Kalyani combines an engineering education with long experience leading a global manufacturing company. His work at Bharat Forge, his role in building India's defence manufacturing ecosystem and his participation in national and international forums reflect a sustained focus on technology, indigenous capability and industrial growth.
