

NGO Meet - 2026

- As part of our capacity building efforts we organized the 6th annual NGO meet with the representatives from 'Partner NGOs', technical partners & village representatives.
- These NGOs collaborate with us on various projects i.e. village development, skill development, education & sustainability.
- NGOs presented their work to Hon. CMD Shri. Babasaheb Kalyani.
- They expressed their gratitude towards BFL for being the part in their developmental journey.
- CMD gave his valuable suggestions & outlined the roadmap for future plans. He also reinforced our shared commitment towards long term & sustainable impact on the lives of people

Place : Dimapur (Nagaland)

“A skilling journey in the North-east ”

Centre of Excellence (CoE) at NTTC - Nagaland tool room and training center

- Inauguration of Phase – II of CoE, Modernized classrooms, 50 KW solar panels was done on **10th April 2026** in the Presence of Ms. Hekanu Jakhalu , Hon. Advisor (Industries & Commerce, Govt. of Nagaland) and Shri P. Tokugha Sema, Director (Industries & Commerce, Govt. of Nagaland) and CEO of NTTC.
- Last year we set up the CoE at NTTC Dimapur with cutting edge technologies like drones, 3D printing, Industry 4.0 smart factory, robotics & CNC simulations.
- This year we added few more technologies including Advanced electrical industrial controls & home wiring simulations, AI & IoT software + hardware kits, 6 axis collaborative robot (cobot)

Water Harvesting Project at village Shivari

Desilting of bandhara & nala at Shivari village

Measurement : 44,000 cubic meter silt are being removed.

- Water storage capacity :44.00 TCM and 910 acers of land will come under irrigation.
- This work will benefit to 2,200 villagers.

Desilting of bandhara at Village Shivari will store 44 TCM of water which will be useful for drinking and agriculture Purpose.

Taluka: Purandar District: Pune

Water Harvesting Project at village Parinche.

Desilting of bandhara & nala at Parinche village

Measurement : 25,000 cubic meter silt are being removed.

- Water storage capacity :25.00 TCM and 750 acers of land will come under irrigation.
- This work will benefit to 2,050 villagers.

Desilting of bandhara at village Parinche will store 25 TCM of water which will be useful for drinking and agriculture Purpose.

Project - Village Development

Taluka: Purandar District: Pune

Water Harvesting Project at village Jeur

Desilting of bandhara & nala at Jeur village

Measurement : 27,000 cubic meter silt are being removed.

- Water storage capacity :27.00 TCM and 600 Acers of land will come under irrigation.
- This work will benefit to 3,000 villagers.

Desilting of bandhara at village Jeur will store 27 TCM of water which will be useful for drinking and agriculture Purpose.

Taluka: Purandar District: Pune

Water Harvesting Project at village Tekwadi

Desilting of bandhara & nala at Tekwadi village

Measurement : 30,000 cubic meter silt are being removed.

- Water storage capacity :30.00 TCM and 480 Acers of land will come under irrigation.
- This work will benefit to 1,100 villagers.

Desilting of bandhara at Village Tekwadi will store 30 TCM of water which will be useful for drinking and agriculture Purpose.

Water Harvesting work at village Kambi

Desilting of Kambri river in Kambi village

- Measurement: 53,200 Cubic Meters of silt is to be removed.
- Water storage capacity: 53.20 TCM and 750 Acers of land will come under irrigation.

Project - Community Development

Celebrating Chaitra Festival of Mango 2026

- Every year, Community Center Members celebrate the Chaitra Haldi Kumkum festival. A special aspect of this celebration is welcoming the mango season by preparing केरी ची डाळ व पन्हं (Kairichi Dal and Panha).
- Women from the community centers enjoyed this festival by playing games, singing songs, and engaging in joyful cultural activities.
- In total 135 women participated from all three centers.
