

CSR CORPORATE SOCIAL RESPONSIBILITY

Highlights

- Centre of Excellence (CoE) with New - age technologies at ITI Aizawl (Mizoram).
- Exchange of MoU for water conservation work at Mizoram.
- Water harvesting work at Ahilyanagar, Satara and Purandar region
- Construction of school building at village Khatgun, Patkhal (Satara)
- Construction of Toilet unit at village Veer (Purandar)

North East CSR Initiative

Place : Aizawl (Mizoram)

“A skilling journey in the North-east ”

- We have set up the ‘New Age Technology Skills Center’ at government ITI – Aizawl with cutting edge technologies like AI, IoT, drones, 3D printing, welding simulations, PLC etc.
- The Centre will introduce the future-ready skills to these students, it will open the employment opportunities for the students in new edge technologies.
- The center was inaugurated by Hon. Minister Lalnghinglova Hmar of LESDE (Labour, Employment, Skill development and Entrepreneurship) department along with advisor to CM & Chairman of CSR cell Pu TBC Lalvenchunga.

Exchange of MoU for water conservation project

- We will be working in Darzo Village to address the issue of water scarcity faced by the community.
- The program will be implemented by the CII Foundation in collaboration with representatives of the Village Council and members of Young Indians.
- Under this project 500 engineered contour trenches will be constructed in Darzo Village to conserve water by enhancing rainwater percolation, recharging groundwater, reducing soil erosion, and improving agricultural productivity.
- The MoU was exchanged between Bharat Forge, CII foundation and Darzo Village Council in the presence of Hon. Advisor to Chief Minister Mr. TBC Lalvenchunga.

MoU Exchange ceremony in the presence of Mr. TBC Lalvenchunga – advisor to CM & Chairman of CSR cell (Mizoram)

Project presentation

Water Harvesting work at village Kambi

Desilting of Kambri river in Kambi village

- Measurement: 53,200 Cubic Meters of silt is to be removed.
- Water storage capacity: 53.20 TCM and 750 Acres of land will come under irrigation.

Desilting of Kambri river in Kambi village

Desilting of Kambri river in Kambi village

Water Harvesting work at village Wadule [bk.]

Desilting of Nandini river in Wadule [bk.] village

- Measurement: 49,056 Cubic Meters of silt is being removed.
- Water storage capacity: 49.05 TCM and 680 Acers of land will come under irrigation.

Desilting of Nandini river in Wadule [bk.] village

Desilting of Nandini river in Wadule [bk.] village

Water Harvesting work at village Balamtakali

Desilting of Rajpure - Deshmukh bandhara in Balamtakali village

- Measurement: 43,400 Cubic Meters of silt is to be removed.
- Water storage capacity: 43.40 TCM and 640 Acers of land will come under irrigation.

Desilting of Rajpure - Deshmukh bandhara in Balamtakali village

Water Harvesting work at village Gaikwad Jalgaon

Desilting of Lendi bandhara in Gaikwad Jalgaon village

- Measurement: 45,700 Cubic Meters of silt is to be removed.
- Water storage capacity: 45.70 TCM and 640 Acers of land will come under irrigation.

Desilting of Lendi bandhara in Gaikwad Jalgaon village

Interaction with the villagers at Gaikwad Jalgaon village

Water Harvesting Project at village Tekwadi

Desilting of bandhara & nala at Tekwadi village

Measurement : 30,000 cubic meter silt is being removed.

- Water storage capacity :30.00 TCM and 480 Acres of land will come under irrigation.
- This work will benefit to 1,100 villagers.

Desilting of bandhara at Village Tekwadi will store 30 TCM of water which will be useful for drinking and agriculture Purpose.

Water Harvesting Project at village Parinche.

Desilting of bandhara & nala at Parinche village

Measurement : 25,000 cubic meter silt is being removed.

- Water storage capacity :25.00 TCM and 750 acers of land will come under irrigation.
- This work will benefit to 2,050 villagers.

Desilting of bandhara at village Parinche will store 25 TCM of water which will be useful for drinking and agriculture Purpose.

Water Harvesting Project at village Shivari

Desilting of bandhara & nala at Shivari village

Measurement : 44,000 cubic meter silt is being removed.

- Water storage capacity :44.00 TCM and 910 acers of land will come under irrigation.
- This work will benefit to 2,200 villagers.

Desilting of bandhara at Village Shivari will store 44 TCM of water which will be useful for drinking and agriculture Purpose.

Water Harvesting Project at village Jeur

Work : Desilting of bandhara & nala at Jeur village

Measurement : 27,000 cubic meter silt is being removed.

- Water storage capacity :27.00 TCM and 600 Acres of land will come under irrigation.
- This work will benefit to 3,000 villagers.

Desilting of bandhara at village Jeur will store 27 TCM of water which will be useful for drinking and agriculture Purpose.

Water Harvesting Project at village Malshiras

Work: Desilting of bandhara & nala at village **Malshiras**

Measurement : 29,000 cubic meter silt are being removed.

- Water storage capacity :29,000 TCM and 780 Acers of land will come under irrigation.
- This work will benefit to 1,600 villagers.

Desilting of bandhara at Village Malshiras .

will store 29 TCM of water which will be useful for drinking and agriculture Purpose.

Water Harvesting Project at village Sap

Construction & Desilting of cement nala bandhara at village Sap.

Measurement :

- Water storage capacity :22.00 TCM
- 310 acers of land will come under irrigation and it will benefit 3,600 villagers.

Construction & desilting of bandhara at Village Sap.
water conserved by this initiative will be useful for drinking and agriculture Purpose.

Water Harvesting Project at village Velu

Construction & Desilting of cement nala bandhara at village Velu

Measurement :

- Water storage capacity :18.00 TCM
- 310 acers of land will come under irrigation and it will benefit 3,600 villagers.

**Construction & desilting of bandhara at Village Velu .
water conserved by this initiative will be useful for drinking and agriculture Purpose.**

Water Harvesting Project at village Belewadi

Construction & Desilting of cement nala bandhara at village Belewadi

Measurement :

- Water storage capacity :23.00 TCM
- 310 acers of land will come under irrigation and it will benefit 3,600 villagers.

**Construction & desilting of bandhara at Village Belewadi .
water conserved by this initiative will be useful for drinking and agriculture Purpose.**

Water Harvesting Project at village Jaypur

Construction & Desilting of cement nala bandhara at village Jaypur

Measurement :

- Water storage capacity :11.00 TCM
- 150 hecters of land will come under irrigation and it will benefit 4,200 villagers.

**Construction & desilting of bandhara at Village Jaypur.
water conserved by this project will be useful for drinking and agriculture Purpose.**

Water Harvesting Project at village Jaygaon

Construction & Desilting of cement nala bandhara at village Jaygaon.

Measurement :

- Water storage capacity :16.00 TCM
- 260 Acres of land will come under irrigation and it will benefit 3,200 villagers.

**Construction & desilting of bandhara at Village Jaygaon.
water conserved by this initiative will be useful for drinking and agriculture Purpose.**

Water Harvesting Project at village Surli

Construction & Desilting of cement nala bandhara at village Surli

Measurement :

- Water storage capacity :20.00 TCM
- 310 acers of land will come under irrigation and it will benefit 3,600 villagers.

Construction & desilting of bandhara at Village Surli.
water conserved by this initiative will be useful for drinking and agriculture Purpose.

Construction of open well at village Ambheri

- Measurement :
- Construction of well – 15 Mtrs depth* 11 Mtrs Diameter
- This has benefitted to **2200 villagers** .

Construction of Open well for drinking water at Ambheri

Water Harvesting Project at village Walunjwadi

Desilting of bandhara at Walunjwadi village

Measurement : 26,000 cubic meter silt are being removed.

- Water storage capacity :26.00 TCM and 550 acers of land will come under irrigation.
- This work will benefit to 1,100 villagers.

Desilting of bandhara at Village Walunjwadi will store 26 TCM of water which will be useful for drinking and agriculture Purpose.

Water Harvesting Project at village Kolwadi-Kothamdara

Desilting of bandhara at Kolwadi-Kothamdara village

Measurement : 24,000 cubic meter silt are being removed.

- Water storage capacity :24.00 TCM and 490 acers of land will come under irrigation.
- This work will benefit to 2,100 villagers.

Desilting of bandhara at Village Kolwadi-Kothamdara will store 24 TCM of water which will be useful for drinking and agriculture Purpose.

Outreach Activities

Project - Waste Management

International Environment day

- ♦ In line with this objective, and to mark World Environment Day and the Shivrajyabhishek Sohala celebrations, a dry plastic waste collection drive was organized. The initiative aimed to raise awareness among citizens about the proper segregation of dry plastic waste alongside wet waste and to encourage recycling practices.
- ♦ Residents and society members responded enthusiastically and extended valuable support to the campaign. As a result of their participation, approximately 50 – 60 kilograms of dry plastic waste were collected.
- ♦ The initiative successfully increased public awareness about waste segregation, recycling, and environmental conservation, while reinforcing the importance of responsible waste management practices for a cleaner and more sustainable

Mahadev Nagar, Hadapsar

Project - Anubhav Shala

- ♦ As part of the preparations for the new academic year, a two-day teacher training program was organized. The training focused on the objectives of the Anubhav School Project, ensuring uniformity in teaching practices, annual planning based on the new curriculum, effective use of the ERP system, and the proper utilization of teaching and learning materials.
- ♦ With renewed enthusiasm and the knowledge gained through the training, classes were successfully commenced at all project centres.

Teacher Training

Project - Community Development

Yoga Day Celebration 2026

- On the Occasion of International Yoga day **21 June 2026** , Kalyani group of community development center organized the yoga day celebration at three centers across Hadapsar, Keshavnagar, and Vadgaon Sheri
- 80 women participants actively engaged in yoga, breathing exercises, and meditation practices.
- The Programme created awareness about physical fitness, mental wellness, and stress management.
- The celebration strengthened community participation while promoting holistic health under the Kalyani Group CSR initiative.
